### Why I became a Chaplain...

Volunteering in my local youth group, I found that working with young people was my passion and I realised Chaplaincy would be a great place start. While I was at school I would have loved to have had a Chaplain to talk to and so I understood the need for Chaplains. I answered the call for Chaplaincy after seeing the need for chaplains and finding my passion.

*I facilitate and provide pastoral care and personal support for students, staff and parents/carers of our school community; I participate in school camps, excursions, sports days. I organise lunchtime activities and assist with social and emotional wellbeing programs organised by the school. And I regularly network with local support services and liaise between the school and local churches. I also facilitate Christian activities on the school campus with parent/caregiver permission.*
