### Why I became a Chaplain...

I was working as a teacher in the Brisbane Youth Detention Centre, & found that during classes, as I was talking to students about their circumstances, there was an urgent need in the school environment, to go beyond what I as a Teacher with curriculum framework could do.

It was made clear to go, so I went, became a Chaplain and as part of the Student Support Team, try to provide a safe & supportive environment for the community at which I serve.

Anxiety, separation, self-resilience, staff and family issues, self-harm, and transitions to high school are all issues I deal with on a consistent basis. I provide pastoral care, mentoring, social and emotional support both one on one, in small groups, on school wide presentations and through programs I run such as DRUMBEAT—a 10 wk. positive life program, or Triple P Parenting Seminars I facilitate.

### How you can help.

Without financial support, volunteer assistance community support & prayer I couldn't do what I do. If you can help... I need your help.
