### Why I became a Chaplain...

I believe that our Secondary Schooling years can be some of the toughest that we go through as we try and forge our own way in the world and attempt to understand our identity. I found myself drawn in a ministry where I could journey alongside young people as they try and figure out who they are and make sense of the world around them. As a Chaplain I have an opportunity to be a adult friend who can walk alongside, be a listening ear, act as a advocate and help support young people as they grow and mature into young adults.

Young people face a myriad of issues including anxiety, relationship problems, family breakdown/instability, friendship concerns, academic stress, grief and loss, mental health issues and bullying. These are issues I face everyday and through pastoral care, social and emotional support, mentoring and programs just as Rock and Water, a resilience building program, I help young people as they navigate their lives.

### How you can help.

Without financial support, volunteer assistance community support & prayer I couldn't do what I do. If you *can* help... I *need* your help. Or contact [rgill71@eq.edu.au](mailto:rgill71@eq.edu.au) if you can support in other ways.
